## MISSION STATEMENT

'With over 15 years experience in the graphics industry, we leverage our knowledge and expertise to give you a simple and convenient platform to be able to create engaging content easily without a need to learn complex applications.'

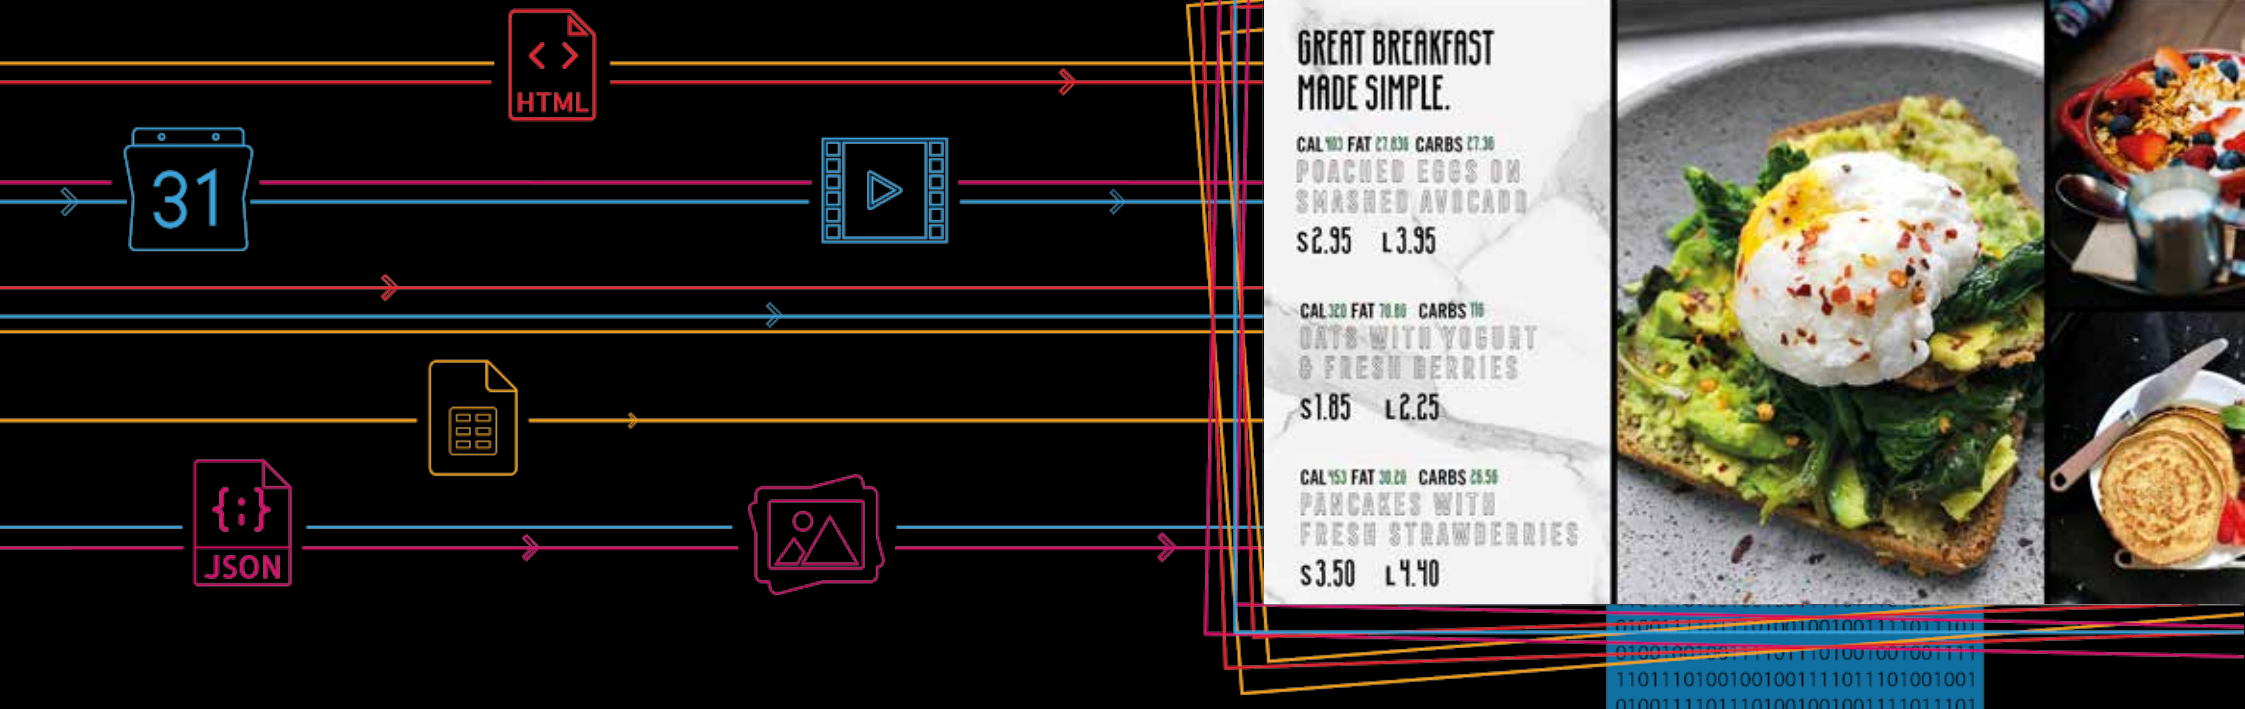

The Sodaclick cloud based content creator for digital signage was designed to help businesses excel and manage their digital content easily without the hassle of dealing with external design agencies.

# ABOUT SODACLICK

Sodaclick is a cloud based platform for creating dynamic digital signage content and smart solutions. The foundations of Sodaclick are the 'Create, publish and update' mantra, that results in high-impact, animated content for your digital signage screens, menu boards, POS and kiosk systems across various markets. We cover hospitality, retail, education, public sector, QSR's and more.

It is a simple, yet powerful, all inclusive 4K HTML5 content creator with over 3 million royalty free assets, and a creative template gallery covering many verticals all done easily and without a single line of code. The Sodaclick creative platform allows creative platform, output playlist, touch, data and voice enabled solutions through a single URL, for your digital signage screens, menu boards, POS and kiosk systems across various markets, including hospitality, retail, education, public spaces, and QSR's.

## THE CONTENT CREATOR
